
Sports Marketing 2.0

Posted by rscibetti - 2008/09/03 17:10

Here's another great site for people to check out:

www.sportsmarketing20.com

The site is a great discussion area and resource for ideas on new online marketing initiatives. Its free to sign up, and the site is updated regularly with content from the site's members.

If you know of other educational resources that you'd recommend, post them in the forum so others can learn about them!
